

SAFE SCHOOLS & UNIVERSITIES

Educate and Operate in Safe and Efficient Facilities with Superior AI

Transform existing facilities into secure and intelligent hubs that enhance operational efficiency and foster a focus on education. Level up daily operations and optimize student, staff, and visitor flow within intelligent and secure environments.

Security Convergence

Video Analytics

- Contactless, Integrated, & Predefined Access Control
- Real-time Monitoring & Alerts
- Enhanced Threat Detection
- Vehicle Access & Parking Management

Network Security

- Server Protection
- Endpoint Protection
- Trap Cyber Threats

Get More From Your Entire System with Gorilla

SAFE EDUCATION SOLUTIONS

Administration

Big Data & Intelligence	Insights for Strategic Decision Making
Infrastructure	Increased Operational Efficiency & Stability
Video Intelligence	Safe & Engaging Environment
Security Convergence	Comprehensive Student, Staff, and Asset Protection
Internet of Things	Efficiency through Automation

Academic Affairs

Big Data & Intelligence	Performance Insights & Trends
Infrastructure	Expedited Resource Delivery
Video Intelligence	Access & Attendance Insights & Reporting
Security Convergence	Student & Staff Privacy & Security
Internet of Things	Enhanced Learning

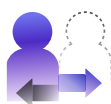

Student Services

Big Data & Intelligence	Identify Behaviors & Satisfaction Trends
Infrastructure	Improved Content Delivery
Video Intelligence	Student & Staff Safety
Security Convergence	Physical & Digital Protection
Internet of Things	System Automation & Efficiency

Facilities Management

Big Data & Intelligence	Insights to Enhance Maintenance, Energy Usage, Space Allocation
Infrastructure	Increased Operational Efficiency & Stability
Video Intelligence	Access Control & Intelligent Surveillance
Security Convergence	Control Physical & Digital Access
Internet of Things	Improved Site Management through Integration

Human Resources

Big Data & Intelligence	Identify Staff Strengths & Weaknesses
Infrastructure	Increased Operational Efficiency & Stability
Video Intelligence	Authenticated Interviews & Training
Security Convergence	Staff Privacy & Safety
Internet of Things	Attendance System Efficiency

AI-powered Security Operations Center

Real-time Alerts and Actionable Insights for Safer School & University Operations

Security Convergence

All-in-one network and digital asset protection. From internal and external threats across digital and physical landscapes, innovative AI-powered IT and OT security technology has you covered.

Intelligent Video Analytics

Facial Recognition Alerts

- Identifies Persons of Interest
- Assists in Locating Missing Individuals in Crowded Areas
- Enforces Blocklists to Bolster Security Measures

Enhanced Threat Detection

- Restricted Area Intrusions
- Concealed Weapon Detection
- People Graffitiing
- Smoke and Fires

Contactless, Integrated, & Predefined Access Control

- Reduces Entry into Unauthorized and No Re-Entry Areas
- Entry and Exit Analytics for Efficient Site Management

System Integration

- Supports Every Major CCTV and IP Camera Protocol
- Seamlessly Integrates with Existing VMS Software and Countless IoT Devices

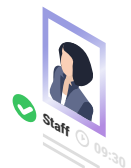

Vehicle Access & Parking Management

- AI-powered Vehicle Search Capabilities
- Alerts to Queues at Entries & Exits
- Actionable Insights into Parking Space Use

Access Control

- Precise Access Management for Staff
- Seamless Clock-in and Clock-out Procedures
- Streamlines Workforce Operations
- Bolsters Security Measures

Network Security

Anti-DDoS

Detects and blocks threats from malicious IP connections to DDoS attacks with AI.

Honeypot

Clamps down on malicious activity and effortlessly blocks suspicious queries.

Multi-Authentication

Identity theft and brute force attack prevention with multi-layered AI.

Endpoint Protection

Combines real-time continuous monitoring and collection of endpoint data.

SUCCESS CASE

Thailand

The institution needed a solution to time-consuming and labor-intensive large-scale CCTV monitoring to identify intruders. They needed a way to boost staff productivity and ensure Covid-19 entry protocol adherence by faculty and students.

Solutions

Contactless Face Recognition	Automated and contactless face recognition identified students and staff entering and exiting campus and detected masks & headwear, as well as temperature.
Attendance System and Access Control	Installed access control systems on turnstiles, which granted access to authorized individuals.
Intrusion Prevention System	Put an end to tailgating and impersonation via face recognition and liveness detection.

Results

Increased Staff Productivity

Improved Safety Management Efficiency

Protected People and Assets on Campus from Possible Threats

RECOMMENDED HARDWARE

Edge Vision AI E-300

- For indoor and harsh outdoor environments
- Deployed with customized or pre-loaded video analytics
- Multiple video analytics in one AI
- Hailo-8's chipset - more channels of video with less powerful CPUs.

CUSTOMER SUCCESS

Open, accessible, and ready to assist - always.

Gorilla's Customer Success gives governments and enterprises the tools and guidance to achieve a smart and safe future. Without fail, we research, integrate, deploy, evaluate, and maintain solutions along every process.

Products & Solutions

Global Footprint

With over 20 years of hands-on experience across the world, Gorilla Technology has grown to deliver superior AI solutions and services to enterprises, cities, and governments worldwide.
